HASSIB J. SABBAGH

ENGINEERING CONSTRUCTION

EXCELLENCE

2015 AWARD FOR

SUSTAINABLE ENERGY

This Award recognizes the noteworthy contributions in the field of SUSTAINABLE ENERGY by an engineer or team of engineers on the basis of participation in the planning, development or construction of a successful project completed in the two to five year period prior to 31 January 2015.

The Award recipient(s) shall be an engineer(s) as defined by the relative standards of the nominating WFEO member organization.

Nominations, using the enclosed two-page nomination form and following its instructions, must be submitted by July 31, 2015, to the Executive Director, WFEO. The WFEO Awards Committee, including a representative of late Hassib J. Sabbagh will make its recommendation on this Award to the WFEO Executive Council for ratification. The Award recipient(s) will be notified and, on acceptance, the news media will be informed.

This Award will be presented in Kyoto, Japan at the WFEO Gala dinner on 3 December 2015 during the General Assembly meetings, where the award recipient would give a brief presentation on a topic related to the basis of the nomination.

THE AWARD FOR ENGINEERING CONSTRUCTION EXCELLENCE

The purpose of this Award is to direct world attention to the role of engineering in sustainable development. The Consolidated Contractors, under the leadership of late Hassib J. Sabbagh, gave the World Federation of Engineering Organizations (WFEO) responsibility for organizing the Hassib J. Sabbagh Award for Engineering Construction Excellence. This Award was instituted in 2002 by the initiative and endowment of late Hassib J. Sabbagh who devoted many years of concern and effort in the area of engineering and construction. The Award consists of a medal, a certificate, and a cash prize of \$10,000 (USD) and presented in conjunction with the biennial General Assembly of the WFEO. The first presentation was given during the WFEO General Assembly in Tunis, Tunisia in October 2003.

THE CONSOLIDATED CONTRACTORS

From its beginning in 1952, Consolidated Contractors Company, better known as CCC, has become the largest engineering and construction company in the Middle East. CCC is nevertheless truly international with active projects in countries spread over the Middle East, Africa, Caribbean and the CIS countries with related additional investments in Europe and the United States. CCC provides Project Management, Engineering, Procurement and Construction (EPC) Services. CCC's services today encompass a broad range of activities such as:

- Complete Construction of Petrochemical Plants and Refineries, Oil Loading and off-loading Terminals and Storage Facilities, Heavy and Light Industrial Plants. CCC is a pioneer in executing Plant Construction on a partnership basis with International Engineering Companies;
- Heavy Civil Construction of Power and Desalination Plants, Water Treatment Plants and Distribution Systems, Sewage Treatment Plants and Collection Networks, Dams and Reservoirs, Harbours and Docks, Airports, Bridges and Highway Interchanges, Roads and Highways;
- EPC of high Quality Buildings, Industrial Buildings, Infrastructure Works and Networks;
- EPC of Water, Oil and Gas Pipelines.

THE WORLD FEDERATION OF ENGINEERING ORGANIZATIONS

On the 4th of March, 1968, representatives of 50 scientific and technical associations from all over the world met under the auspices of the United Nations Educational, Scientific and Cultural Organisation (UNESCO) in Paris to establish the World Federation of Engineering Organizations (WFEO). WFEO's charter as an international, non-governmental organisation is to unite multidisciplinary engineering associations throughout the world, with as essential goals:

- To provide information and leadership to the engineering profession on issues of concern to the public or the profession;
- To serve society, and to be recognised, by national and international organisations and the public, as a respected and valuable source of advice and guidance on the policies, interests and concerns that relate engineering and technology to the human and natural environment;
- To make information on engineering available to the countries of the world and to facilitate communication through its member nations;
- To foster peace, socio-economic security and sustainable development among all countries of the world, through the proper application of technology;
- To facilitate relationships between governments, business and people by contributing engineering dimension to discussions on policies and investments.

2015

**HASSIB J SABBAGH AWARD FOR ENGINEERING
CONSTRUCTION EXCELLENCE IN
SUSTAINABLE ENERGY**

Nomination Form (English only, please)

A. Background Data on the nominated engineer or team of engineers

1. Name of Firm :

.....

2. Major field of activity :

3. Address :

.....

4. For the nominated engineer or each member of the nominated team of engineers:

Name and Surname

Year of birth

Present Position

Education

.....

.....

.....

.....

.....

.....

.....

5. Sponsor's Name and Address:

.....

.....

.....

.....

6. Sponsor's Signature:

.....

B. Citation

Proposed citation (not more than 100 words noting specific accomplishments within the scope of the Award Criteria)

C. Qualifications

1. Identification and evaluation of the accomplishments on which the nomination is based (maximum of two double-spaced pages)

D. Supporting Letters

Letters from no more than four individuals whose names and addresses are listed

Transmit, as attachments to one or more e-mails, this form, supplemental sheets, photographs, supporting letters and documents, all in English and in PDF format to:

executivedirector@wfeo.org

If necessary to mail, send this form, supplemental sheets, photographs, and nine copies of supporting letters and documents, all in English to:
